

*The Art of  
Excellence*

**SeaPort Enhanced (Seaport-e)** is the Navy's electronic platform for acquiring support services in 22 functional areas including Engineering, Financial Management, and Program Management. The Navy Systems Commands (NAVSEA, NAVAIR, SPAWAR, NAVFAC, and NAVSUP), the Office of Naval Research, Military Sealift Command, and the United States Marine Corps compete their service requirements amongst 2400+ SeaPort-e IDIQ multiple award contract holders.

**Canvas Seaport-e Contract:**

Canvas, Inc. (Canvas) was awarded a Seaport-e IDIQ contract in April 2015, which runs through April 2019. Canvas is committed to providing each Navy program using our Seaport-e contract high-quality, low-cost support services. The Canvas Team consists of Canvas as the Prime Contractor, and CMA, Parsons, BRC, BCF Solutions, and Venturi as Subcontractors.

**Contract Number: N00178-15-D-8120**

**The Canvas Seaport-e contract is valid in all Zones 1-7:**

- Zone 1 – Northeast Zone
- Zone 2 – National Capital Zone
- Zone 3 – Mid Atlantic Zone
- Zone 4 – Gulf Cost Zone
- Zone 5 – Midwest Zone
- Zone 6 – Southwest Zone
- Zone 7 – Northwest Zone

**Canvas Team Capabilities:**

Canvas is a HUBZone Certified, Woman-Owned Small Business (WOSB) that provides technical services and engineering solutions to the Department of Defense (DoD) and other Government agencies. Founded in 2007 in Huntsville, AL, Canvas is an established Prime Contractor with strong and efficient corporate infrastructure and personnel experienced in delivering multidisciplinary, comprehensive, innovative solutions. Canvas' core capabilities are Engineering Services, Test and Evaluation, Program Management, Acquisition Management, and Product Integration. Our broad customer base includes the Missile Defense Agency (MDA); the Office of Secretary of Defense (OSD); the U.S. Army Space and Missile Defense Command (USASMDC); the U.S. Army Aviation and Missile Life Cycle Command (AMCOM); the U.S. Navy; the U.S. Department of Transportation (DoT) and the National Aeronautics and Space Administration (NASA) Marshall Space Flight

	<p>Center (MSFC). In addition to small business certifications, Canvas' strong performance and professional execution are advantages provided to clients and business partners ensuring top-quality products and services on time and within budget.</p>
	<p>CMA is a Woman-Owned, Service Disabled, Veteran-Owned Small Business (SDVOB) established in 2005 in Huntsville, AL to deliver a wide range of Business Management, Strategic Planning, Human Resources, and Defense Acquisition capabilities to Federal Customers. CMA offers professional customer support staff who are nationally-known subject matter experts, certified professional contract managers, certified cost estimators, Black Belt and Green Belt Lean Six Sigma professionals, human resource specialists, and former warranted contracting officers experienced in executive-level Federal Acquisitions. CMA customers and services include: General Services Administration (GSA) Federal Acquisition Service (FAS) Region 6, U.S. Army Corps of Engineers (USACE) Headquarters (HQ) Strategic Sourcing Program Management, U.S. Navy Competitive Sourcing Program Management, the Office of the Deputy Under Secretary of Defense (DUSD) Installations and Environment (I&amp;E) Combined Competitive Sourcing, U.S. Army HR Solutions Studies and Analysis Domain, U.S. Department of Veterans Affairs (VA) Integrated Product Teams (IPT) Facilitation and Acquisition, and Full Cost of Manpower Model to the DoD Cost Assessment &amp; Program Evaluation (CAPE) Office.</p>
	<p>Founded in 1944, Parsons has grown to become a world-class, full-service, multi-market engineering and construction firm with more than 11,000 employees operating at 400 locations across the globe. Today, Parsons is engaged in executing more than 4,500 projects in 24 countries around the world. Parsons has a proven record of delivering some of the world's largest, most complex, and multifaceted programs on time and on budget and offer project delivery methods to meet both the customer's and the community's needs. From construction or program manager, facility provider or designer, to system engineer or integrator, Parsons consistently meets and exceeds customer expectations by following our core values, which include safety, quality, integrity, diversity, innovation, and sustainability. Parsons provides a broad spectrum of services across several Federal markets, including defense, energy, environment, infrastructure, intelligence, and security. The U.S. Navy and its customers, as well as other Federal Agencies supporting</p>

	<p>missile defense systems engineering remain some of Parsons' most valued customers.</p>
	<p>Bevilacqua Research Corporation (BRC) is a SDVOB firm with corporate headquarters in Huntsville, AL. BRC was established in 1992 to provide innovative, leading edge technology products and services to government and private sector clients. BRC has provided expert support to the DoD and other Government Agencies for over 20 years, successfully performing over 110 contracts with no negative performance assessments. Support areas include Research Development Test &amp; Evaluation (RDT&amp;E) support, systems engineering, software development, and technical assistance for intelligence and electronic warfare, threat systems, target vulnerability assessments, weapons effects, modeling and simulations, and laboratory support. BRC currently employs 200 personnel providing Government customer on-site support to Wright-Patterson Air Force Base (AFRL), Edwards AFB, Air Armament Center, Eglin AFB, USACE Engineer Research Development Center (ERDC), Program Executive Office (PEO) Soldier at Fort Belvoir and Aberdeen Proving Grounds (APG), the MDA at Redstone Arsenal, NASA/MSFC, the U.S. Department of Interior (DOI)/Bureau of Indian Affairs (BIA), the U.S. Central Command (CENTCOM), the U.S. European Command (EUCOM), and the U.S. Africa Command (AFRICOM).</p>
	<p>BCF Solutions, Inc. (BCF) was founded in October 2003 as a Delaware S Corporation and has grown to 265 employees. It is an ISO 9001:2008 certified Small Business with six Divisions. BCF is headquartered in Arlington, VA with offices in Dahlgren, VA; Hollywood, MD; Huntsville, AL and Sterling, VA. Core capabilities in our Defense and Space Division include: Acquisition &amp; Program Management, Financial Management, Budget Formulation and Execution, Earned Value Management, Cost Estimating, Facility Management, Project Controls, Security Engineering, and Electronic Systems Integration. BCF's broad customer base includes the U.S. Department of Commerce (DoC), the U.S. DoD, the U.S. Department of Energy (DoE), the U.S. DHS, the U.S. DoT, the European Southern Observatory in Chile, the ITER Organization in France, NASA, the National Science Foundation (NSF), and the URENCO Group.</p>
	<p>Venturi, Inc. (Venturi) is a Huntsville, AL based corporation founded in January, 2006 as a Small Disadvantaged Business, with a focus on Test and Evaluation, Range and Launch Operations, Systems Engineering, Simulation, Logistics, and other Support Services. Venturi's technical</p>

staff consists of computer scientists; mechanical, aerospace, industrial and electrical engineers; and physicists that have an average of 22 years of experience providing engineering services to the U.S. Navy, U.S. Army, NASA, and the MDA in areas related to engineering, aerospace equipment, military weapons, space vehicles, and guided missiles. Specific areas of expertise include: Software Development and Maintenance, Propulsion, System Engineering, Payload Integration, Test and Evaluation (T&E), and Program Management. Complimenting Venturi's technical staff is a robust business management organization consisting of a Contracts Manager, Accountant, Facility Security Officer (FSO), and Program Controls Manager. Utilizing proven contract management processes, this organization ensures timely delivery of reliable products and services necessary to accomplish the work called for under Seaport-e.

**Canvas Quality Assurance:**

Canvas provides customized Quality Control Plans (QCPs) to our customers to accommodate for specific needs. We understand how critical QCPs are to the success of a Task Order (TO) for specifying processes, resources, and standards for every product, project, and contract deliverable. We design QCPs around desired results and performance objectives of our customers' contract requirements, and we use the QCP to verify the quality of products and services. Ultimately, our QCP allows both our customers and our team to determine success in meeting contract requirements and customer needs.

**Seaport-e Point of Contact:**

Kristy Grannan, Contracts Administrator
